Professional Diploma

• Contract Management and Administration (CMAD)

Requirements

The CMAD professional diploma includes six courses, divided between required and elective classes. Each course is made up of 36 hours of instructions, 6 of which for final project and final exams. Candidates must complete the required classes, but electives may be selected from a group of courses offered. To complete the requirements for any of the professional programs, the candidate must successfully complete the six courses. To earn two professional certificates, 12 courses must be taken. At the end of some of these programs, the candidate must present an acceptable final project. The certificate requirements may be completed in two semesters (one year), but could take up to three years. Some professional programs are also available via e-learning.

*The 36 hours in the online courses include various activities, for example, recorded sessions, live interactive sessions, projects, and exams.

Method of Instruction

Course material is in English; however, a mix of English and Arabic instruction is used in classes (On-campus Courses) or interactive sessions (Online Courses) to facilitate communication between instructors and course participants. Courses blend a variety of instructional tools including case studies, interactive discussions, visual aids and practical sessions.
Drop Policy

Participants are permitted to drop/add classes until September 26, 2020. (Refer to Refund Policy)

Refund Policy

Refunds are made according to the following schedule:

• Before the beginning of classes: full tuition refund
• From the first week of classes (September 13) until the end of the second week (September 26): 50 percent of tuition
• After the end of the second week no refunds will be made.

The refund request should be supported by the original receipt, course material and a copy of the national ID. Refunds are processed within a month of receiving a request, and the participant will receive a check in their name for the refund amount.

Study Period Extension

Professional programs usually take three years to complete. However, participants who are faced with hardships or situations beyond their control should present proper documentation to justify their cause. Each case will be closely examined by ESS. In all cases, only one semester of study may be extended.
Incomplete Policy

Deadline for incomplete requests: **November 18, 2020.**
Participants who miss the specified deadline or stop attending/following the course without informing ESS will have an “F” grade.

Professional Programs participants who attended a course but are unable to complete its requirements because of exceptional circumstances may ask for an incomplete grade of “I”. The participant must submit an official document supporting the request. The Incomplete grade is given with the approval of the course instructor, who will submit an incomplete grade form to the ESS office.
The form should include the following information:
1) Reason for the incomplete
2) Sections of the course that are missed and need to be completed.
3) Action necessary for the removal of the incomplete grade, which must be completed by the end of the following semester.

The participant must make the necessary arrangements with the course instructor to complete the outstanding course work before the start of the examination period of the following semester, whether the student is enrolled at ESS or not. In completing the outstanding work, the participant must not register again for the incomplete course. If necessary action is not taken on time, the incomplete grade “I” will be changed to a grade estimated on the basis of the work already completed as part of the course. An administrative fee of 25% of the total course fee will be charged to participants seeking incompletes.

**Incomplete grades may be given only in the following circumstances:**

- The participant’s work to date indicates he would be passing the course.
- The incomplete is not given as a substitute for a failing grade.
- Attendance has been satisfactory through at least 60 percent of the semester.
- An illness or other exceptional circumstance legitimately prevents completion of required work by the due date.
- Required work may reasonably be completed in an agreed-upon time frame.
- An incomplete should not be assigned when it is necessary for the student to attend additional classes to complete the course requirements.

Online Courses

Method of instruction

ESS online courses use the leading Moodle (learning management system) as the platform for instruction. This system is used worldwide by universities and allow students and faculty to communicate and create a rich learning environment using online materials and up-to-date communication technologies such as email, discussion boards, wikis and blogs. This asynchronous learning environment gives the participants flexibility to study according to their own schedule and their own pace from anywhere. It is expected that some of the participants may have no previous experience in participating in an online course, and ESS provides personal technical assistance and clear online instructions to help participants overcome any technical problems during the program.

The online course comprises a mix of delivery methods range between virtual face-to-face meetings using the zoom, Moodle collaborates…etc. and pre-recorded lectures. The features of the course vary depending on the course and the instructor. Participants are expected to review the policy of each course once they have access to their Moodle in order to be familiar with the instruction process of each course.

Getting started and technical support

Participants will receive a welcome email containing the website link along with a manual.

Participant Requirements

• Participants are required to check their AUC-ESS XED email frequently, as this is the main channel of communication for announcements.

Logging into Moodle

1. **Prepare your login information:** Upon registration, participants will be issued a registration slip containing their AUC-ESS XED email username and password, along with an ID number. Your Moodle username is everything before the «@» sign of your AUC-ESS XED email. For example, if your AUC-ESS XED email is newuser@xed.aucegypt.edu, your Moodle username would be newuser. Your Moodle password will always be the same as your AUC-ESS XED email password.

2. **Login to Moodle:** visit [moodle2.aucegypt.edu](http://moodle2.aucegypt.edu) and login using your credentials.
